Question: 70

In ADSL of PPPoE applications, when the CPE side using MSR router + ADSL interface card for networking, CO.'S side DSLAM using ATM uplink time, deposit CPE needs to interface on the router which side (irrespective CPE side LAN Connection) ?

- A. DSL interface
- B. Yi Tai Ethernet port
- C. Virtual-Ethernet
- D. Virtual-Template
- E. dial number Interface

Answer: A,E

Question: 71

In the PPPoE application of ADSL , when the CPE side uses the MSR router + ADSL interface card for networking, and the CO side DSLAM uses ATM for uplink, which interfaces need to be PPPoE- related on the CO side centralized router (PPPoE Server) Configuration ?

- A. ATM interface
- B. Yi Tai Ethernet port
- C. Virtual-Ethernet
- D. Virtual-Template
- E. dial number Interface

Answer: A,C,D

Question: 72

In ADSL of PPPoE applications, when the CPE side using MSR router + ADSL interface card for networking, co side DSLAM make use IP rows on the co centralized router side (PPPoE Server) need to be on which interfaces PPPoE relevant The configuration ?

- A. ATM interface
- B. Yi Tai Ethernet port
- C. Virtual-Ethernet
- D. Virtual-Template
- E. dial number Interface

Answer: A,B,D

Question: 73

The frequency band used to transmit data in ADSL2+ is ____ .

- A. 20KHz ÷ 1MHz

- B. 0 to 4 KHz
- C. 1.1MHz to 2.2MHz
- D. 20KHz to 2.2MHz
- E. High in 10MHZ

Answer: D

Question: 74

Among the following ADSL standards, the one that does not need to use a splitter is ____ .(Choose one or more)

- A. ITU 992.1
- B. ITU 992.2
- C. ITU 992.3
- D. ITU 992.4

Answer: A,B,D

Question: 75

An operator hopes to deploy ADSL (ADSL2) to kill the system in a community with relatively dense users and short transmission distance .Users do not require high bandwidth, and pay more attention to its economy and ease of installation and maintenance.

Based on the above requirements, when choosing ADSL (ADSL2) standard, the ideal is ____ .(Choose one or more)

- A. ITU 992.1
- B. ITU 992.2
- C. ITU 992.3
- D. ITU 992.4

Answer: A,B,D

Question: 76

The theoretical transmission rate of ADSL data is related to which of the following options ?

- A. Line Rate activate consultations
- B. Number of sub- carrier channels
- C. modulation system rate
- D. Sub- carrier channel rate

Answer: A,B,C,D

Question: 77

The VPI/VCI parameters of ADSL connection are negotiated and determined in ____ .

- A. Line Rate activate
- B. DMT modulation
- C. Jian Li low-level link VCC
- D. PPPoE negotiation

Answer: C

Question: 78

Common VPI/VCI values in ADSL applications include ____ .(Choose one or more)

- A. 0/30
- B. 0/35
- C. 0/32
- D. 0/16

Answer: A,B,C

Question: 79

Which of the following statements about the improvement of ADSL2 relative to ADSL is correct: (Choose one or more)

- A. The frequency band of ADSL2 is twice that of ADSL
- B. At the same transmission rate, ADSL2 can transmit longer distances than ADSL
- C. Compared with ADSL, ADSL2 adds a new operating mode
- D. ADSL can support flexible bandwidth binding function, such as IMA (Inverse Multiplexing for ATM , ATM inverse multiplexing)

Answer: A,B,C,D

Question: 80

Among the following VPN technologies, those belonging to the third layer VPN are ____ .(Choose one or more)

- A. L2TP VPN
- B. BGP/MPLS VPN
- C. VLL
- D. IPSec VPN

Answer: A,B,D

Explanation:

Three layers: IPSEC , GRE , MPLS VPN

Question: 81

The following VPN technology, belonging to the second layer of VPN are ____ .(Choose one or more)

- A. VPLS
- B. VLL
- C. GRE VPN
- D. IPSec VPN

Answer: A,B

Question: 82

Which of the following VPN technologies are suitable for enterprise employees to remotely access the enterprise private network through the Internet ? (Choose one or more)

- A. SSL VPN
- B. L2TP VPN
- C. GRE VPN
- D. BGP/MPLS VPN

Answer: A,B

Question: 83

Which of the following VPN technologies are suitable for corporate employees on business trips to remotely access the corporate network through the Internet ?

- A. BGP/MPLS VPN
- B. GRE VPN
- C. SSL VPN
- D. VLL

Answer: C

Question: 84

The incorrect description of L2TP VPN and GREVPN is ____ .(Choose one or more)

- A. all point to point VPN
- B. Both support tunnel verification
- C. Both support dynamic address acquisition
- D. are based on UDP encapsulation

Answer: A,C,D

Question: 85

About L2TP VPN and GRE VPN are correct is ____ .(Choose one or more)

- A. all point to point VPN
- B. Both support tunnel verification
- C. All belong to L3 VPN (Layer 3 VPN , Layer 3 VPN) technology
- D. are based IP package

Answer: B

Question: 86

Which description is correct about L2TP VPN and SSL VPN?

- A. All need to install and maintain the client
- B. Both support Web access
- C. All support IP access mode
- D. are based on UDP encapsulation

Answer: C

SAMPLE QUESTIONS

*These questions are for demo purpose only. **Full version** is up to date and contains actual questions and answers.*

Killexams.com is an online platform that offers a wide range of services related to certification exam preparation. The platform provides actual questions, exam dumps, and practice tests to help individuals prepare for various certification exams with confidence. Here are some key features and services offered by Killexams.com:

Actual Exam Questions: *Killexams.com provides actual exam questions that are experienced in test centers. These questions are updated regularly to ensure they are up-to-date and relevant to the latest exam syllabus. By studying these actual questions, candidates can familiarize themselves with the content and format of the real exam.*

Exam Dumps: *Killexams.com offers exam dumps in PDF format. These dumps contain a comprehensive collection of questions and answers that cover the exam topics. By using these dumps, candidates can enhance their knowledge and improve their chances of success in the certification exam.*

Practice Tests: *Killexams.com provides practice tests through their desktop VCE exam simulator and online test engine. These practice tests simulate the real exam environment and help candidates assess their readiness for the actual exam. The practice tests cover a wide range of questions and enable candidates to identify their strengths and weaknesses.*

Guaranteed Success: *Killexams.com offers a success guarantee with their exam dumps. They claim that by using their materials, candidates will pass their exams on the first attempt or they will refund the purchase price. This guarantee provides assurance and confidence to individuals preparing for certification exams.*

Updated Content: *Killexams.com regularly updates its question bank and exam dumps to ensure that they are current and reflect the latest changes in the exam syllabus. This helps candidates stay up-to-date with the exam content and increases their chances of success.*

Technical Support: *Killexams.com provides free 24x7 technical support to assist candidates with any queries or issues they may encounter while using their services. Their certified experts are available to provide guidance and help candidates throughout their exam preparation journey.*
